This was Drafted by me based on the brutal and malicious criminal and torturous treatment by the Intelligence community. It is drafted to ensure that none of my fellow Americans, or any other Human Being, or any other Human beings, will experience what I have experienced.

I Drafted it as not one component of Democracy, our Constitution, our Constitutional Rights and Civil Liberties Functioned for years on end – after relentless engagement of every legitimate facet of our Democracy (including our U.S. Government).
